Mixed-up Diplomacy

Red China: Sticky Problem for World

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP) — The Red Chinese are either backing down on their resistance to a "two-China" policy or they are going to try to use American allies and friends, and even neutrals, to put this country in a box.

The problem of Red China promises to make 1964 a mixed up, goofy, and turbulent year. It started Monday when France

recognized the Red Chinese, meaning it recognized them as the legitimate rulers of all mainland China.

France did this against the expressed wishes of its American ally which backs Chiang Kai-shek who claims his Nationalist government on Formosa is the only legitimate government both of Formosa and the mainland.

From a realistic standpoint

this is a fiction and has been for years. The United States got thrown into it and then got stuck with it.

The Reds defeated Chiang and his armies and drove him from the mainland to Formosa 100 miles offshore in 1949 after this country had given up helping him because his government was corrupt and useless.

He has been on Formosa ever since and could never get back to the mainland without American help, which isn't being given him, although this country is pledged to defend him from a Red Chinese invasion.

Strongly In Control

The Reds not only control the mainland, with its 700 million people, but show absolutely no sign of losing control. There are 11 million people on Formosa.

When Chiang first fled to Formosa, the United States washed its hands of him, said it wouldn't defend him from Red Chinese attack. It made him an ally, and agreed to defend him, only after the Korean war began.

Now comes the odd part, the only point on which Chiang and the Reds agree. Both insist Formosa and the mainland are not two separate Chinas but just two parts of one China.

Both claim to be the legitimate rulers of the one big China. Everything gets murky after that.

The Reds until now have insisted they wanted no recognition of their right to boss the mainland from any country recognizing the sovereignty of Chiang's government over Formosa.

The Other Way Around

Chiang has insisted on the same thing, but the other way around. To do otherwise, both argue, would be to admit there are two Chinas instead of one.

Forty-eight countries now recognize the Red Chinese, including some of this country's North Atlantic Treaty Organization allies: Britain, Norway, Denmark, the Netherlands. Now suddenly there appears to be a switch.

Red China is accepting recognition from France which also recognizes Chiang's government. It may be they hope outraged Chiang will disown the French recognition, although this country insists he must not.

If such a hope is not the real basis for the Reds' acceptance of the dual French recognition, then the Communists seem to be abandoning their long-stated policy against the "two-China" recognition.

What could they hope to gain? If other countries flock behind France, particularly American allies, in recognizing Red China it should weaken this country's anti-Communist China position and cause trouble with friends.

For years this country has failed in trying to isolate the Red Chinese from the rest of the world.

30 Called Monday for Duty on Jury

A venire of 30 prospective jurors has been summoned for criminal and civil trials Monday in common pleas court at Lisbon. Judge Raymond S. Buzzard will preside.

The venire, along with those called and not seated on the grand jury, will report to Courtroom No. 2 at 9 a.m. for the trial of James J. Combs, 21, Youngstown, indicted for larceny at the Rod Angels' Garage in Salem Oct. 17.

Combs was also indicted for the burglary of Maenz Service Station, May 2, Salem Cycle Shop, Aug. 16, and theft of tools from William Toland of Columbiana, Sept. 22.

He pleaded not guilty to all indictments. The cases will be tried consecutively, according to Prosecutor G. William Brokaw.

Scheduled to report for jury duty Monday are:

Virginia Bardo and Eleanor Mae Robertson, both RD 2; Omar Rinehart, RD 3; Harry R. Waller, 1341 Carole Drive, Sam E. Edling, 1410 Eastview Drive, Betty Stojek, 1123 E. 9th, and

Leaders Protest Segregated Restaurant

200 Jailed As Civil Rights Crisis Worsens In Atlanta

ATLANTA, Ga. (AP) — Militant civil rights leaders planned today for more mass protests of segregation after more than 100 persons went to jail Monday in street demonstrations.

A siege of the downtown area for the third night by marching, milling demonstrators, mostly Negro students, heightened the worst racial crisis in years for this city.

Despite mounting arrests, now nearly 200, youth leaders said they would continue the

mass onslaught, centered on a segregated restaurant.

Police officers declared a state of emergency Monday night in the busy downtown area surrounding Leb's, a restaurant which refuses to serve Negroes.

Demonstrations began with about 50 pickets walking around the block on which Leb's is located.

When they refused to disperse they were hauled off to jail. Cheers and applause came from

hundreds of white spectators.

Three hours later, demonstrations resumed.

About 150 circled city jail twice, then walked several blocks to join about 50 others in marching around the block at Leb's for nearly two hours. Police stopped them.

Chanting and singing, the demonstrators massed in a narrow street a block from Leb's. Paddy wagons drew up and

'Someone Forgot To Pull Plug'

Saturn Launching Delayed At Cape

CAPE KENNEDY, Fla. (AP) — The first two-stage Saturn 1, believed to be the world's most powerful rocket, sits on its launching pad today because somebody forgot to pull a plug.

Monday's mistake, which caused postponement of the test launching until Wednesday, also cost American taxpayers several thousand dollars.

Neither the National Aeronautics and Space Administration nor the Air Force could produce the exact amount the neglect cost the taxpayers. Estimates of salaries involved for the 200-man launching pad team was \$18,000.

The Air Force, which operates the Atlantic Missile Range, said it cost the space agency about \$20,000 an hour for use of the range—fuel, range safety, tracking and other support facilities during the final hours of the countdown.

The operation ties up five Air Force Service aircraft assigned to recover performance-recording cameras which are to be ejected from the rocket during flight. No estimate was

available on the cost.

The Air Force emphasized that all agencies which use the missile range are geared to absorb such costs because of the number of missile shot postponements, caused by technical or weather reasons.

The countdown on the Saturn 1, which is to boost the heaviest satellite ever sent aloft, had been under way 11 hours when it was discovered that a line which funnels liquid oxygen oxidizer to the fuel tanks was not delivering. Technicians then found that someone had forgotten to remove a test device called a "blind flange."

The flange, an aluminum plate, was inserted in the line two or three days previously during a line pressure leak check.

"It was carelessness on the whole (200-man) team, a human error," said Rocco Petrone, a project official. "It was a routine procedure that we've done many times before. This time, we didn't do it. We make mistakes."

Scrapping of Bombers Proposed by Soviets

GENEVA (AP) — The Soviet Union proposed today that all nations destroy their bomber forces as a step toward disarmament.

The proposal was submitted to the 17-nation disarmament conference by Soviet Delegate Semyon K. Tsarapkin.

Western officials immediately expressed interest in the idea, first put forward by the United States last year to prevent bombers from falling into the hands of small but potentially trouble-making nations as they become obsolete in the Air Forces of the major powers.

The proposal was part of a nine-point memorandum sug-

gested by Tsarapkin as a working plan for the conference. Asked what planes he had in mind for destruction, Tsarapkin told newsmen: "The entire bomber force of all countries."

President Johnson at the resumption of the conference last week proposed a five-point program.

Tsarapkin said Johnson's proposal for a treaty to ban the spread of nuclear weapons is unacceptable to Russia unless the United States agrees to scrap the proposed NATO multilateral nuclear force. American officials have repeatedly stated that the NATO force is not subject to negotiation at this conference.

Congo Rebels Spread Terror

Four Missionaries Killed by Natives

LEOPOLDVILLE, the Congo (AP) — U.N. helicopters and missionary planes continued desperate efforts today to rescue Christian missionaries threatened by rebel guerrillas in the southwest Congo.

At least four missionaries, including an American woman, have been killed by bands of warriors armed with poison arrows, spears, homemade bombs and primitive guns.

About 150 Americans and Canadians, including several children, have been stationed at Protestant missions in the threatened area. The U.S. Embassy in Leopoldville said 21 Americans and 14 Canadians, including 10 children, had been rescued.

As the terror spread, the Congo government said it had documentary proof Communist China is supporting the uprising. The leader of the rebels is former Education Minister Pierre Mulele, 34, who spent several months in Peking last year.

Mulele was ambassador to Cairo under the Communist-supported Stanleyville regime of Antoine Gizenga, who was imprisoned after the collapse of his secession. Mulele slipped back into the Congo last summer after a year and a half of exile.

Diplomats fear Red China may try to turn the jungle uprising into a major revolt by arming Mulele's men with modern weapons.

The rebellion is centered in agricultural Kwilu Province, 250 miles east of Leopoldville, but the terrorism is spreading to the neighboring Kasai and Kwango regions near the Angola border. Fewer than 600 government troops are in the province opposing several thousand guerrillas.

U.N. helicopters airlifted 16 persons from a Catholic mission at Kisandji Monday in the third mercy flight since the attacks began. Unconfirmed reports say a priest and nun were killed at Kisandji last week.

The confirmed victims of the "loving bands" were three Belgian Roman Catholic priests and an American Baptist missionary, Irene Ferrel, 43, of Jerome, Idaho.

Miss Ferrel was killed by a rebel's arrow at the Baptist mission's center in Mangungu last Friday night.

A companion, Ruth Hege, 58, of Wellington, Ohio, was wounded in the arm during the attack. Miss Hege sent a letter by African runner disclosing her friends' death and pleading for rescue.

Reds Expect French Break With Formosa

Rusk Says U.S. Won't Abandon Nationalist Cause

TOKYO (AP) — Red China served notice today it expects France to break relations with Nationalist China as the price of establishing diplomatic ties.

In the first comment on the simultaneous announcements on Monday that Red China and France were establishing diplomatic relations, Peking Chinas concept.

Thus Peking seemed to blow up President Charles de Gaulle's hope of maintaining relations with both the Communist and Nationalist regimes under a two-Chinas policy.

A Red Chinese Foreign Ministry statement broadcast by Radio Peking said Red China, in agreeing to enter into diplomatic relations with France, understood that Paris would break with Nationalist China.

Contrary To French Reports

This is contrary to what French official sources had said. They insisted Peking had not asked to end relations with President Chiang Kai-shek's regime on Formosa.

Nationalist China denounced French recognition of Red China, but stopped short of breaking off relations.

In Tokyo, visiting U.S. Secretary of State Dean Rusk stoutly supported Nationalist China in a speech. Later he told reporters in referring to French recognition of Red China:

"We have no doubt about the militancy of Peiping (Peking). We think it would be a serious matter for the authorities in Peiping to believe that a policy of militancy pays dividends, that it is profitable because on that issue may turn the peace of the world."

Rusk accused Red China of violating its pledges to keep the peace in Southeast Asia.

Won't Abandon Formosa

In his speech to the Japan-America Society, Rusk declared the United States recognizes only Nationalist China and "will never abandon the 12 million people on Taiwan (Formosa) to Communist tyranny."

Red China's foreign ministry statement noted that "according to international practice, recognition of the new government of a country usually implies ceasing to recognize the old ruling group overthrown by the people of that country."

Rusk spelled out the U.S. attitude towards Peking's Red rulers at a dinner winding up a U.S.-Japan Cabinet conference on trade and economic problems.

"Peking still insists upon the surrender of Taiwan as the sine qua non of any improvement

'Mothers March' Planned 3 Days

Over 200 persons will participate in the "Mothers March" for the March of Dimes in Salem and the surrounding area Wednesday Thursday and Friday, Mrs. Richard Greene, coordinator, announced today.

Team captains for the city are: Southeast, Mrs. Ida Austin, southwest, Mrs. John Seroka, northwest, Mrs. S. E. Eskey and northeast, Mrs. Greene. Mrs. George Phillis is captain for the area south of Salem.

Mrs. Greene said that Perry Township police constables are aiding in the drive as well as members of the Salem Amateur Radio Club.

Solicitations by mail for the Dimes' drive has been good, General Chairman Louis Raymond reported.

Bonnet's In Ring

Sen. Smith Enters Presidential Race

WASHINGTON (AP) — Its come-one-come-all aspects indicated today that New Hampshire's March 10 presidential primary may end up ranking first in confusion as well as first in the nation.

Sen. Margaret Chase Smith, R-Maine, 66-year-old veteran of

somewhat more limited political wars, joined the overflowing list of GOP presidential nomination aspirants with the announcement Monday her name will go on the primary ballot.

What was perhaps more disturbing to New York Gov. Nelson A. Rockefeller and Sen. Barry Goldwater, R-Ariz., was the filing of a delegate candidate for former Vice President Richard M. Nixon.

John L. Macdonald, a Manchester advertising man, predicted a full delegate slate for Nixon. The man who lost a hair-line decision to the late President John F. Kennedy has said he would accept a draft for a second nomination but wouldn't campaign for it.

With this in mind, Macdonald said that Nixon's name may not go on the preferential ballot list where those of Rockefeller, Goldwater, Mrs. Smith will be listed. But he added that there may be a write-in for Nixon.

The former vice president's name is well known in New Hampshire, where he polled 65,000 votes in 1960. Presumably he, Mrs. Smith and several others will provide alternatives for Republican voters who don't want either Rockefeller or Goldwater.

Supporters are talking of injecting Henry Cabot Lodge, the 1960 GOP vice presidential nominee, and Gov. William W. Scranton of Pennsylvania into the primary balloting. Former Minnesota Gov. Harold E. Stassen planned to file today.

Hearing Set On Rt. 30 Relocation

A public Hearing to discuss the location for a 3.2 mile section of the proposed relocation of U. S. Route 30 from State Route 267 near Apple's Corners to the State Route 170 Interchange near Calcutta will be held Thursday in Lisbon.

Scheduled for the Council Chambers in the Lisbon Village Hall at 10:30 a.m., the hearing will be conducted by the Highway Department Division Deputy Director Earl W. Nelson of New Philadelphia. An exhibit detailing the location will be on display and department officials will answer pertinent questions on the proposal.

The hearing is primarily set to detail a change in the proposed alignment of this portion of the Lake Erie to Ohio River Freeway that was established by a previous hearing. The changes have been necessary due to refinements in the design of the section. Also included will be a one-half mile relocation of Route 267 and Route 7, in order to provide a connection of these routes to the proposed interchange with Route 11 and U. S. 30.

The re-routing of U. S. 30 over the newly-constructed section between the East Liverpool corporation line and Route 170 near Calcutta will also be discussed. This proposal would officially allow the routing of traffic over the new road and turn the old section of U. S. 30 back to the local highway system.

Neuson said the proposed location would provide a 4-lane limited access highway similar to the sections built in East Liverpool and to Calcutta and that the route will be designated as U. S. Route 30 and State Route 11.

County Urged To Establish Dog Disposal Facility

Columbiana County Humane Society representatives informed the county commissioners on Monday that the county is disposing of stray dogs illegally.

The society told the commissioners that according to the Ohio code it is illegal to ship dogs out of the state for disposal, as the county has been doing for the past five or six years.

Commissioners used to have the dogs rounded up and taken to a laboratory in Indiana, but this laboratory has ceased to use dogs. Currently a Pennsylvania resident is picking up the animals which average over 50

Leetonia To Issue New Grade Cards

LEETONIA — Pupils in the Leetonia Exempted Village School District primary and elementary schools will receive record of their achievement during the first semester on a new type of report card Wednesday.

The new grading instrument will resemble and serve the purpose of the parent-teacher conferences which have been very successful in the system.

The report card will show the ability of the individual child in eight subjects with the pupil's ability ranging somewhere in seven levels between very low and very high.

THE TEACHER is also given the opportunity to relate any concern he might have with the child's social and personal habits by checking characteristics under the following categories: Work habits, social relations and health habits.

Under the new system, if a child can work faster than the rest of the class, he is permitted to do so. There will be no parent-teacher conferences following the first semester.

The card will be issued again at the end of the year when the pupil's average yearly growth in the subjects besides the basic ability, will be noted.

VICTOR WOOD, superintendent, was scheduled to leave today to attend classes at Ohio University where he will work toward his doctorate degree. George Trombitas will be acting superintendent.

Woman's Society of Christian Service will meet at 8 tonight at the home of Mrs. Russell Shivers.

Unity Class of the Methodist Church elected officers as follows: Merle Davis, president; Mrs. Harold Cleckner, vice president; and Mrs. Gilbert Edgerton, secretary and treasurer. Hosts were Mr. and Mrs. Robert Kornbau.

EIGHT PERSONS were taken into membership Sunday at the First Methodist Church. They are:

Jay Bland Pamela Brooks James Forney, Cinda McElroy, Ricky Shriver, Sherri Holens-head, Terry Kornbau and Peggy Brooks. The new members completed 13 weeks of membership preparation.

Rev. Albert Oakes attended a camp dean's conference at Wooster recently. Rev. Oakes will have charge of the junior high camp July 19 to 25.

Mr. and Mrs. Albert Brandau of Smithville were visitors of Mr. and Mrs. John Thompson.

Rocky Bids For Votes In California

SAN FRANCISCO (AP)—Gov. Nelson A. Rockefeller, with a friendly nod from the state's leading Republican officeholder, opens his quest for California's big bundle of votes in the presidential race today.

Sen. Thomas H. Kuchel, R-Calif., timed his long-awaited endorsement of the New York governor for the start of a three-day visit by Rockefeller to get his state campaign going.

Rockefeller's scheduled arrival from New York shortly before noon will launch him on a busy round of activities. He'll open his San Francisco headquarters, attend a private lunch and then drive across the Golden Gate Bridge for a country club reception in Marin County. He'll leave by train tonight for two more days in the Los Angeles area.

Kuchel, 54, opposed for renomination in 1962 by many of the Republicans now backing Sen. Barry Goldwater, declared in his statement that Rockefeller offers the "constructive forward-looking alternative" the GOP needs to defeat President Johnson.

The assistant Senate minority leader was chairman of the 1960 California delegation pledged to former Vice President Richard M. Nixon. It has been almost taken for granted that he'll head the Rockefeller slate of 86 delegates on the June 2 presidential primary ballot.

Kuchel said the California primary, with the prospect of a Rockefeller-Goldwater contest, will give the voters a "clear ideological choice" between "bona fide candidates of wide divergences of view."

"I have made my choice," he said. "I shall enthusiastically support Gov. Nelson Rockefeller of New York."

Pennsylvania Milk Move May Aid Ohio

NEW CASTLE, Pa. — Dairy stores across the Ohio line can look forward to a spurt in milk sales if the Pittsburgh area dairy industry gets its way with the state Milk Control Commission.

The Pittsburgh milk marketing district includes 3 western Pennsylvania counties, many of them touching on the Ohio border. The industry is asking the commission to eliminate discount prices on gallon and half-gallon sales. Household milk buying pools in Lawrence County which were popular before the commission authorized the bulk sales in 1961 now may be reorganized for the Ohio market.

One member of a New Castle pool, who has been making the 10-mile trip to the state line for nine years, said he expects the group to take on new members if the price change goes through.

The monthly meeting of the Columbiana County Forests and Parks Council will be held Thursday at 8 p.m. in the county extension offices. Atty. Donald Elliott of Rogers, chairman, will preside.

Waterford Council Has First Meeting

NEW WATERFORD—Mayor William E. Ferguson presided over the first meeting of council in 1964. Six members were present. The following committees were appointed by Mayor Ferguson: Carl Bretz, president; Dan Percy, chairman of finance and building, Gilbert Mackall and Robert George; Robert Hisey, chairman of sidewalks and lights, Glen Seachrist and George; Mackall, chairman of street and storm sewers, Percy and Bretz; Bretz, chairman of safety, Hisey and Seachrist.

Mayor Ferguson will appoint a member to serve on the Board of Public Affairs by the February meeting. He will also appoint a committee to work with the board to inquire into the reduction of water rates. A resolution was passed to accept federal aid for sidewalk construction.

EIGHTY MEMBERS of the Women's Republican Club of Columbiana County, candidates and guests attended a dinner party at Mackall's Restaurant in East Palestine Wednesday when Mrs. Eugene Esterly of New Waterford was installed as

club president. She succeeds Mrs. Frank Adams, who was appointed program chairman for 1964. Miss Gladys DeBolt of East Liverpool was installing officer. Guest speaker was Mrs. Letha Astory of Salem, who explained the method in which delegates are selected for the national presidential elections.

She also talked briefly on the Supreme Court's decision on prayer in the schools. A flag which had flown over the State Capitol at Columbus during the four days after President Kennedy's assassination was presented to the Suzettes Drill Team by Mrs. Astray Susan Kennedy and Candy Lundy, members of the group, accepted the gift.

Other committee appointees were Mrs. Robert Smith, Mrs. Leonard Holman and Mrs. Russell Harrold, membership; Mrs. Loren Oliver, Mrs. Lester Dornon, Mrs. Ethel Meek, and Mrs. Pearl Angle, ways and means; Mrs. Frank Adams, Mrs. Claude Custer and Mrs. Esterly, program. Mrs. Oliver Yarian, refreshment chairman, will appoint a committee to arrange and serve refreshments at each monthly meeting.

Summing Up Life

B HAL BOYLE

NEW YORK (AP)—What one word best sums up the meaning of life to you?

This is my favorite question in interviewing people, because I have often found their replies provide a simple key to what they're really like.

Here was the answer of Academy Award winner Gregory Peck: "self-respect."

The question seemed to have touched a responsive chord in Peck, who worked his way up from a concession barker at the last New York World's Fair to his present status as a star in Hollywood.

Although he played a psychiatrist in his latest film, Peck

thinks the flight to the headshrinker's couch is being abused by many people who aren't in real mental distress.

"The fun and challenge of living is to meet a standard of excellence. I don't like the increasing unnecessary dependence on psychiatric counseling," he said.

"I think the whole idea is to work these things out for yourself—even though it takes until you're 50 to overcome your prejudices and reach a level-headed point of view.

"Part of the whole idea of life is to be able to do this for yourself. You have to learn to live without crying on someone else's shoulder.

"A measure of a person is how he can hurdle the problems of existence on his own—and without self-pity. That, to me, is the point of the whole thing.

"If you turn this over to someone else and say, 'handle this for me,' you're defaulting on the whole idea of living.

"The most noteworthy thing about Hollywood right now is the cold war going on in the search for good script material. It's a real competition, full of espionage.

"Picture-making is utterly dependent on good stories. It's the writing that counts."

Peck, who has had a rare record of success, thinks an actor should be philosophical if a film venture turns out to be a turkey.

"You try to do your best as a

matter of pride," he said. "But, a movie after all, although it reflects and interprets life, is still only a movie—a comment on living and dying.

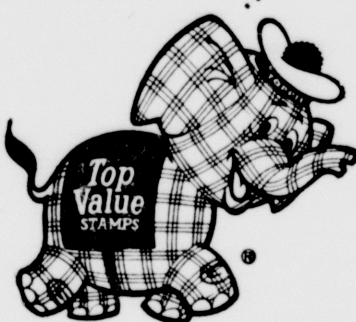

"If you do make a bad one, the nice thing about it is that everyone wants to forget it—and they sweep it under the rug

as soon as possible." He finds pleasure outside his career by rearing five children, raising fine beef cattle, traveling, going to art and furniture auctions with his wife—and buying losing racehorses. "I don't have time to be unhappy—and that's about it," he said.

Two American Images

With genuine regret, Americans concerned about the American image abroad have learned of the resignation of Edward R. Murrow as director of the U.S. Information Agency.

Mr. Murrow was one of President Kennedy's best choices when he set up his administration — a man well and favorably known abroad and of demonstrated competence in the field of communications. His resignation was forced by personal illness.

His successor will be Carl Rowan, who will give up a position as ambassador to Finland to take charge of USIA. Though he once was a newspaper reporter for the Minneapolis Tribune and is an author in his own right, Mr. Rowan is an unknown quantity as a propagandist. It is obvious his identity as a Negro

will be in his favor abroad. It is similarly obvious the appointment of a Negro to a post of critical importance in the Johnson administration will be a plus factor in the administration's image at home.

The new USIA chief has the best wishes of his countrymen in a difficult and sensitive assignment. Critics of the United States are fond of twitting it about anti-Negro laws, rules and customs. Mr. Rowan is the answer.

It is true that Negroes are discriminated against in many places and situation. It is increasingly true they are discriminated for, to free the national conscience of its feeling of guilt.

Mr. Rowan has a chance to prove the discrimination in his favor was justified as he takes one of the toughest jobs in Washington.

That's the Ceiling, Brother

We're intrigued by a National Labor Relations Board ruling that has the effect of upholding a union's right to limit its members' earnings.

The case in which the ruling was made

developed among United Auto Workers members in a Milwaukee plant. It grew out of a piecework quota that began as a gentleman's agreement 25 years ago and later was adopted as a union rule.

The rule says average piece-work earnings of union members in the plant shall not exceed a ceiling. Workers at the plant are not required under Wisconsin law to join the union to keep their jobs but must pay a service fee to the union if they do not join. The piecework does not apply to nonmembers.

The quota was challenged in the ground it forced a worker to engage in or refrain from union activity. The NLRB sidestepped a decision by ruling it had no right to rule on an internal union action. Thus it upheld the union's right to limit earnings.

It said in substance any worker who wanted to earn more than he was permitted to earn by the union could leave the union; that he had no other recourse.

Thus was a new twist given to an old dilemma — whether the floor that unionism puts under wage rates always is worth the ceiling it puts over earnings. Unionists never have settled that one to their members' satisfaction and NLRB hasn't settled it either.

Dimes Still Needed

Once upon a time the March of Dimes helped to provide funds for the campaign which finally licked the dread disease of poliomyelitis. The public's contributions made it possible for the successful research which brought about the Salk and Sabin vaccines to prevent polio.

The March of Dimes goes on, however, to raise funds which are still necessary to help provide medical care of those afflicted with birth defects or arthritis and to support research into the causes of these two diseases. Nationwide, this toll hits one in 16 infants. Victims right here in Salem are being aided daily by the March of Dimes.

This year's local drive is now under way and the "Mothers March" will be held tomorrow, Thursday and Friday. Your support will help someone, perhaps many.

Letter From Max

By Martin Miller

Dear Truman Twill:
To twist an old saying with which you are familiar, let us say: "A country is not without honor save to its own prophets."

If you thought all these years that you were living in the greatest nation on earth, a land of milk and honey where everyone loved everyone else, you didn't know what you are in for between now and the November election.

Without trying to list them in order, what you are going to hear is that the good old U.S.A. is on the verge of bankruptcy, revolution, war, subjection to tyranny, union domination, employer domination, managerial domination, Catholic domination, Protestant domination, Jewish domination, criminal domination, farmer domination, city domination, and our only salvation is either to throw the rascals out or prevent the rascals getting in.

The political campaigns will be more bruising to the psyche than a pro football game is to the bodies.

HOWEVER, knowing your love for competition we can rest assured you will take all panic pleas with aplomb (Damon) and possibly manage to stifle a yawn.

You have heard it all too many times before. It is all right to get worked up, but don't get carried away because you never know where you might get carried to.

Has it ever occurred to you it is no wonder people in other lands can't under-

stand America?

Sometimes we can't understand it ourselves. If you figure it out, drop me a line.

THAT WAS a nice column you had about not liking the discomforts of winter but enjoying its advantages, like the absence of bugs, beautiful snow, ice skating, skiing and bobsledding.

Your views were in line with something I have been wanting to point out to you.

Snow can't be all as bad as everyone says it is. There must be something good even about snow.

It is not the fault of snow that moisture in the atmosphere gets chilled to the point where it is precipitated in the form of crystals. Now is it?

And then when it is lying there on the ground minding its own business and looking sparkling white, like a wash done with the newest miracle detergent, people tramp all over it with their dirty feet and chimneys spew tons of disgusting soot onto it, causing people to remark on how dirty the snow looks.

Hope this gives you food for thought.

POSSIBLY you noticed the recent diplomatic gobbledegook when it was reported "the situation was deteriorating."

This was some other country talking, not the U.S. What it meant was, "We are getting the hell beaten out of us."

Faithfully yours,
MAX

"Allow Me to Congratulate You On Your Great Fortune In Making My Acquaintance"

Maritime Unions 'Sound Off'

By VICTOR RIESEL

At Table 1 during a recent White House luncheon, Secretary of State Dean Rusk was hit by some tough and non-diplomatic talk.

It came from "Big Joe" Curran, leader of the National Maritime Union (NMU) who leaned across the cutlery

Rusk was giving the American sailors "a raw deal" that the State Department was selling out the U.S. merchant fleet, killing jobs and that the seamen were sick of being talked to by, and being able to meet only with, department officials on the "25th level."

"Big Joe" Curran talks like that when he is being polite. If President Johnson had not been at Table 5 just a few feet away, he would not have been so restrained.

At the table with him, sitting across from Rusk and Pierre Salinger, was another maritime leader husky, blond Paul Hall, president of the Seafarers' International Union (SIU), who, with equal moderation agreed with Curran.

ONLY THE DAY previous to the presidential luncheon, Hall had telegraphed Rusk angrily charging that the State Department was whitewashing foreign

flag vessels which had run out blockade of Cuba to deliver materials to strengthen Fidel Castro.

What had embittered Curran and Hall was the State Department decision to take foreign ships off the blacklist if the vessels' owners agreed not to deal with Communist Cuba again.

Curran denounced this as "hypocrisy." These ships, he said later, were simply running out of Communist cargoes and since "they can't make a buck out of Moscow and Havana, they now are willing to promise anything to make money out of transporting American wheat to Russia and Eastern Europe. The Russians and their satellites now are building ships all over the place and just don't need so many foreign ships anymore."

This is accurate. I have learned, for example, that responsibility for all Communist bloc ocean transport to Cuba and Latin America has been concentrated in the new Cubalco Enterprise in Rostock on the Baltic. This is the biggest East German port. It now has at least five new Polish ships, one fully refrigerated, on the run to Cuba and more are being added.

OFFICIAL SOVIET word to plant managers and shippers in the Soviet Zone of Germany and in Czechoslovakia, Poland and elsewhere among the satellites is that "the Enterprise will be

responsible for guaranteeing supplies to the first Socialist country in America, thereby contributing to the defeat of the U.S. economic blockade against Cuba."

For this and other reasons, the sailors' and longshoremen's leaders let it be known that they would picket all foreign ships which the State Department took off the blacklist of vessels which had been serving Castro.

This irritated Dean Rusk. The State Department had just agreed to take 26 freighters off the blacklist — because they promised to quit the Cuban run after their contracts (charters) with the Communists ran out. This means that they can continue to ship thousands of tons of cargo to the Communist island for almost another year.

Rusk also had the names of another 61 vessels, the owners of which were also willing to promise not to deal with Cuba after a while—if they could put into U.S. ports. This would give them a chance to make millions of dollars in freight charges for transporting American grain to Communist ports in Europe.

THE WHEAT transport business will be a profitable one. About 175,000 tons are to be shipped between Feb. 1 and March 16 to Black Sea ports from U.S. Atlantic and Gulf ports and to Siberia from the Pacific Northwest.

Curran and Hall want at least half of this and future cargoes

to go in American bottoms. There's much more to this than profits and jobs, says Curran. He is angry because the State Department has shifted position constantly.

First the wheat was to go in American flag ships to Soviet and satellite ports so the Russian, Polish and other peoples could see for themselves from whence the grain came. This would be of great propaganda value to the free world. Then the State Department said that only 50 per cent would go in U.S. Ships. Now, says Curran, "We have to fight even for that split."

There are ample U.S. ships available—but only one has thus far been chartered for the grain run. NMU people estimate that there are up to 200 vessels ready for use. This could mean employment of almost 20,000 American sailors at a time when tens of thousands are jobless "on the beach."

TO HEAD OFF possible picketing, Dean Rusk sent one of his assistants, Phil Delaney, a former official of the Operating Engineers Union, to argue with the waterfront leaders at their New York headquarters. Hall told him, let's have it out in front of President Johnson, because the State Department always plays a "pea and shell" game with us.

Meanwhile, Curran, Hall and the Longshoremen's leader, Gleason, plan to picket any ship which served Castro.

CIA Blast Backfires

By DON COOK

GENEVA

Whatever the domestic backfire which the Central Intelligence Agency has drawn on itself for releasing its crushing appraisal of the bleak state of Soviet economy, the effect in Europe can only have been the opposite of what the CIA presumably intended.

Although its motives have never been clearly defined, the assumption in news stories, comments, analysis and conversation on this side of the Atlantic has been that the CIA had two political purposes in mind.

First, it was seeking to demonstrate to Western Europe that the Russians are faced with a choice of "butter before guns," and that it is therefore increasingly important that the line be held against granting long-term credits which would help Khrushchev have both.

Second, the study would at the same time demonstrate on the eve of the resumption of the Geneva disarmament negotiations that Russia desperately needs an agreement to end the arms race, and is therefore in a relatively weak bargaining position.

BUT THE CIA'S facts have not been accepted in Europe, and its motivations have been questioned.

It would be going too far to say that there is any kind of "sympathy" for the plight of the Russians and the failure of Communist economic rule. But it is true that there is no inclination to follow what Europeans interpret as a CIA invitation to kick the Russians while they are down.

As to the economic facts of the CIA demarche, every government in Europe collects the facts which it can, and puts its experts at work to advise on what they might mean.

In Geneva, the United Nations European Economic Commission is the oldest East-West fact collector in the business. But as one expert on Russia said, "Facts — facts — what are facts? Really only what the economists are looking for in a situation like this."

THE ONLY "growth rates" in Western Europe exceeding this are those of Greece, Italy, Portugal and Switzerland. Admittedly the Russians are a long, long way behind—an economy barely 60 per cent in national product of that of the United States according to European — not CIA — estimates.

But in the end the doubts in Europe and the reaction to the CIA center of the political conclusions to be drawn. In the current and lengthening atmosphere of détente, there is no disposition in European governments to the Russians on the economic front.

No doubt Soviet attitudes are contributing to this, but con-

versely any change in Russian policy, any return to Cold War tactics, could just as quickly harden the attitude of governments in the West.

In the meantime there is no desire, either, to play into the hands of Communist leaders who would prefer guns to butter, and be happy to blame Western Europe for a "Cold War" stance.

Today In History

Today is Tuesday, Jan. 28, the 28th day of 1964. There are 338 days left in the year.

Today's highlight in history: On this date in 1697, Sir John Fenwick was executed for plotting against England's King William III.

On this date In 1596, the English navigator and admiral, Sir Francis Drake, died aboard his ship off Puerto Bello, Panama.

In 1807, London's Pall Mall became the first street in the world to be lighted by gas.

In 1902, the Carnegie Institute in Washington, D.C., was founded.

In 1922, a heavy weight of snow caused the collapse of the roof of the Knickerbocker Theater in Washington, D.C., killing 93 persons.

In 1947, Dr. A.S.W. Rosenbach paid \$151,000 for a copy of "The Bay Psalm Book" — The first book printed in the English colonies in America.

Ten years ago... Anti-British rioting over Gibraltar compelled the British navy to cancel visits by ships of the home fleet to ports of Spain and Spanish Morocco.

Five years ago... Virginia Gov. J. Lindsay Almond told the state legislature he was powerless to prevent the imminent desegregation of public schools in three cities.

One year ago... UN officials seized the records of Katanga's National Bank to find the former secessionist province's assets amounted to only \$116 and that more than \$2 million was missing.

Ann Landers Answers

Dear Ann Landers: I'm 23, a blue-eyed blonde, 5 feet 10 and love to think of myself as statuesque. To be honest, when I have to get in and out of these teeny-weeny sports cars I'm afraid I look like a hippopotamus.

I'm dating three men who have sports cars and these cars were not designed for the likes of me. I feel as if I'm sitting on the floor. My knees are right up under my chin and it's altogether most unladylike.

The worst part is getting out. There MUST be a dignified, graceful way for a female to alight from a sports car. Do you have any suggestions? If so, I will be forever grateful — as will countless suffering sisters who share my problem. — BOARDWALK BETTY.

Dear Betty: I'm 5 feet 2 and I feel like a mouse when I try to extricate myself from those iddy biddy vehicles, so my heart goes out to you tall gals.

I know of no way for a lady to alight with grace from a sports car. She will appear cowl-like, however, if she keeps her knees together, scootches as near the door as possible, then exist sideways, offering her right hand to the gentleman who will be there — if he's a gentleman.

Dislike Is Mutual

Dear Ann: My favorite brother married a little nothing of a girl with no looks, no brains, no money, no family and no personality. She doesn't have a single redeeming feature except that she is harmless.

They now have three youngsters under 5 years of age. I've killed myself trying to be nice to her. I've helped her with the babies when she came home from the hospital. I've cooked, cleaned and baked for her. I even did her washing and ironing when she had a dislocated shoulder.

In spite of everything she still doesn't like me. She's polite, but cold — or perhaps frozen is a better word. Why? Why? — NO THANKS.

Dear Thanks: Your sister-in-law has no warmth for you because you dislike her intensely and she knows it. Your opening sentence betrays you.

Doing things for people — yes, even killing yourself — is not proof of friendship. You've tried to buy her with favors and it won't work.

Poor Advice

Dear Ann: Our 11-year-old daughter arrived from school yesterday with a swollen eye. Rosemary told her father and me that she had gotten into an argument with a 12-year-old girl and the girl hauled off and hit her.

My husband said, "I certainly hope you beat the daylight out of that roughneck." Rosemary said she did not hit back but just walked across the street and came home. Her father said, "I'm ashamed of you. You should have stood up to her and knocked her block off."

After Rosemary went to bed I told my husband I didn't agree with him, and that I was sorry he had encouraged his daughter to get into a brawl on the street. He said I was wrong, that children should be taught to defend themselves against bullies. May we hear from you on this? — L.M.N.

Dear L.M.N.: Your husband gave the girl poor advice and I hope he will reverse himself.

The 12-year-old who socked Rosemary in the eye is indeed a roughneck. If your daughter had returned the wallop she would have put herself on the same level — way down here.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Salem News, enclosing a stamped, self-addressed envelope.

Hints From Heloise

By HELOISE CRUSE

Dear Heloise: Here's a word of warning to parents who tie toys to a playpen or crib so their baby can't throw them on the floor:

We, too, thought tying toys with string to the crib and playpen (to avoid having to pick them up from the floor) was an excellent idea.

However, one night after the baby had been put to bed, my husband was resting on the bed in her room. He fell asleep but was awakened by the sound of the baby gasping for breath! A string, which was tied to a toy with one end and tied to the crib with the other end, had become wrapped around her throat. The harder she tried to free herself, the tighter the "noose" became. Never shall I forget this shuddering experience.

BERYL K. SCHAEFER.

The thought gives me "the shudders," too. Listen, all parents: When tying toys to a playpen or crib, make sure the string is short enough so that the baby cannot become entangled in it.

Thanks, Beryl. Love to you and your daughter.

PS: Another thing, Mothers, DON'T put a crib near a venetian blind. Babies can hang

themselves with the cord.

DEAR HELOISE: After stuffing a turkey, chicken or any fowl, instead of using pins or lacing the cavity, place a large slice of bread over the cavity. The bread will hold the stuffing (or dressing) inside the bird during the entire baking period. The bread hardens and clings to the stuffing.

Just remove the slice of bread before taking the dressing out. It works wonderfully well for me.

You will find that half of the little "frocks" in the beans were not rocks at all, but "clods" of dirt and they will vanish.

MARY.

How right! For those of you who do not have a colander you may wash the beans in a flour sifter. I find this is especially good if your sifter has the agitator in the bottom. Press the "bar" and the beans agitate—thus cleaning themselves.

COLD WEATHER TIP

DEAR HELOISE: For those who live in that part of the country where it snows and sleets and who leave their cars parked outside . . . I wonder if they know that those plastic bags come from the dry cleaners can be used to throw across their windshields when the car is not in use?

No matter how many inches of snow falls, or how much rain, freezing weather and sleet accumulate, all one has to do is move the windshield wiper, remove the bag from the windshield and shake it hard. Put bag on car floor or in your trunk for use later.

These plastic bags also are excellent to use on the window in the back of the car. The plastic will stick to the glass if given a quick wipe with the hand.

"A Prayer for the New Year" (Stevenson) was read by Mrs. Martin Roth Jr., who presided when 60 members of the Women's Fellowship of the First Christian Church met Wednesday night in the church Fellowship Hall.

"Evangelism and the Easter Season" was the topic of a talk by Rev. Harold Deitch.

Mrs. Calvin Filler was in charge of the worship service and read a poem, "Begin the Day with Friendliness," which was followed by a meditation, "Lost Art of Listening."

A one-act play, "Consolation" was presented by Mrs. Kenneth McCartney, Mrs. Deitch, Mrs. Keith Heineman, Mrs. Robert Ware and Mrs. Lloyd Marshall. Mrs. Fred Schramm was program chairman.

Layette gifts for the local hospitals were dedicated at the worship service.

It was announced that Friendship Night will be observed at the March Fellowship meeting.

Valentine appointments graced the refreshment table which was covered with a red cloth with white net overlay. Red candles in silver holders lighted the decor. Hostesses were members of the May Group.

Pay

the police and fire departments where the local pay is a little above average. However, the local departments are working more hours than the average departments elsewhere.

The possibility of pay raises or extra benefits for city workers has been in the air for some time. In January of 1963, firemen asked Council for a reduction in their work week from 72 to 56 hours; on May 6, 1963, the service and utilities departments requested sick leave and pay benefits and on Oct. 14, 1963, the fire and police departments asked for pay raises. All requests were rejected by Council.

However, on June 4, 1963, the city fathers passed an \$8 monthly pay increase for lieutenants in the police and fire departments and on Nov. 19, 1963, Council authorized the doubling of the city safety director's salary from \$100 to \$200 monthly, effective Dec. 15.

Council cannot authorize pay raises tonight, but can discuss the matter thoroughly for action at its regular meeting Feb. 4.

Postmaster Ray Reasbeck today warned all aliens that Friday is the deadline date for registering with the Department of Immigration and Naturalization.

Reasbeck said the post office has issued 133 forms so far this month, while the total number of registrants last year was 168. After Friday, he added, aliens will have to write directly to the department in Cleveland and could suffer serious consequences.

Testimony Resumes In Baker Probe

WASHINGTON (AP) — The Senate Rules Committee explores today how former Senate aide Robert G. Baker happened to invest in a Milwaukee insurance company whose stock skyrocketed and helped to finance his business dealings.

Max H. Karl, president of the Mortgage Guaranty Insurance Corp., was listed as principal witness for the public hearing. The committee is investigating whether Baker, who resigned under fire on Oct. 7 as secretary to the Senate's Democratic majority, engaged in outside business and financial activities that conflicted with his official duties or involved other improprieties.

Placed in evidence last week were financial statements in which Baker declared his net worth increased from \$11,025 in 1954, the year before he was named to the \$19,600-a-year Senate post, to \$2,16,886 on Feb. 1 of last year.

The first of these financial statements to show any MGIC-called "Magic" in the trade-stock among Baker's assets was dated Feb. 9, 1960. He valued it at \$48,300.

In a financial statement about two years later, on Feb. 5, 1962, Baker listed ownership of 15,310 MGIC shares valued at \$695,980. He reported ownership of the same number of shares in a Feb. 1, 1963, financial statement but put their value then at \$453,900.

According to both of these last two financial statements, Baker had pledged almost all of his MGIC stock as collateral for bank loans.

The committee already has been told about two instances in which Baker purchased stock in the company, which prospered after the Internal Revenue Service reversed an unfavorable tax ruling.

ed on the jury.

The government maintains the money offer came from Lawrence W. Medlin, Nashville sandwich company operator. Medlin was indicated with the others but will be tried later in Nashville.

Hoffa's attorneys argued that anything Tipples said with regard to his meeting with Medlin would be hearsay since it was made outside the presence of the defendants in this case.

They said the government had to first show a conspiracy existed between Medlin and Hoffa, Judge Wilson agreed.

The government then called Walker, a Negro, to testify on the next charge — that Hoffa, Thomas Ewing Parks and Larry Campbell sought to approach juror Gratin Fields during the 1962 trial.

Fields was removed from the jury just before the trial ended.

2 Mishaps Probed By Highway Patrol

The Lisbon post of the State Highway Patrol reported two area autos collided Monday night at 7:30 on Alt. Route 14 less than a mile east of the Salem corporation limits but no one was hurt.

Operators of the westbound vehicles were Etta S. Morehead, 56, of 282 Manor Dr., Columbiana, and Charles E. Miner, 36, of RD 3, Salem.

The Patrol said Miner dropped off the right berm and in an attempt to return to the pavement, lost control of his car and headed toward the left side of the road. In the meantime, Mrs. Morehead, having passed a third vehicle between her and Miner, was trying to get back in her lane when she struck the rear of the Miner car. Neither was cited.

In Boardman a car operated by Dominic E. Ross, 38, of New Middletown was stopped at the light at Routes 224 and 7 when he was struck from behind by a car driven by Grace E. Quillion, 75, of Poland. The Canfield Patrol cited her for failing to stop in the assured clear distance.

\$1,500 Damage Set At Lisbon Plant

LISBON — An estimate of \$1,500 damages was reported today by president Louis Horvath in the wind damage at the Ohio Hoist Manufacturing Co. Sunday morning.

Part of the roof was blown off and a plank fell and broke the sprinkler system at the South Beaver St. plant.

The damage is covered by insurance.

2 Homes Damaged By Shotgun Blast

LISBON—Chief Leon Zahndt is investigating a shotgun blast that damaged two houses on W. Washington St. Monday at 9 p.m.

After Harvey Everett of 516 W. Washington St. reported to police that a shotgun blast struck his home, police went to the location and confiscated a shotgun owned by Freeman Laughlin, 28, of 510 W. Washington St. Laughlin reportedly was working on the gun when it discharged and pellets went through the Laughlin door into the Everett home. No one was hurt.

Bettis, Mrs. Astry File for Offices

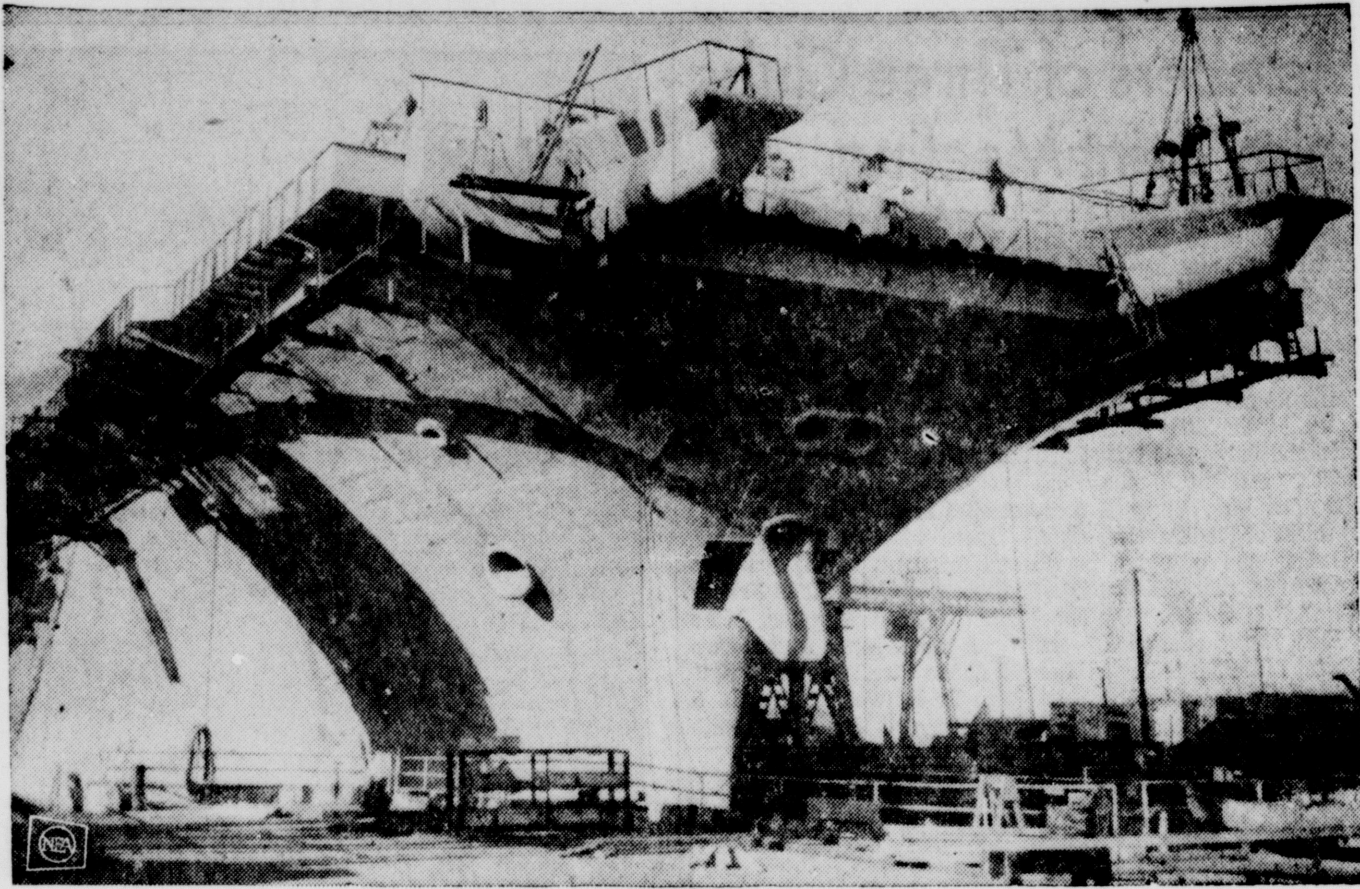

Atty. J. Warren Bettis of Salineville filed Monday with the County Election Board for the Republican nomination for prosecuting attorney at the May 5 primary.

Bettis, a member of the Ohio Public Utilities Commission, announced earlier he would seek the post now held by another Republican, Atty. G. William Brokaw.

Mrs. Letha Astry of Salem entered for a new term as 18th District Republican state committeewoman.

County Recorder Richard G. Brian of East Liverpool filed for renomination on the GOP ticket. He had announced earlier.

Fire Loss In City Had Climb In '63

Total fire loss in the city during 1963 more than doubled that of the previous year, Chief Elmer Bush revealed in his yearly report today.

Fire loss during 1963 totaled \$50,595 compared to a loss of \$22,722.50 in 1962, the report shows.

One of the main reasons for the large jump, was the \$25,000 fire loss at Mullins Manufacturing Co. plant in September.

The annual report also shows that 209 calls were made in the city, 49 in Perry Township, four in Salem Township and one in Butler Township for a total of 260 calls—10 more than in '62.

The busiest month of the year was April, when local firefighters made 42 runs. In 1962, March was the most active month with 48 calls being answered.

U.S. May Send Troops to Cyprus

WASHINGTON (AP) — The United States is seriously considering sending a contingent of troops to Cyprus, as proposed by Britain, but U.S. officials said today more information will be needed before they can make a final decision.

The State and Defense Departments are asking the British for precise information on the number of men they think should be assigned to the mission and how long they might be involved in the troubled Mediterranean island.

Efforts are being made to determine exactly what Greece and Turkey think of the proposal and the extent to which they will cooperate in peace-keeping measures.

At least three consultative missions are busy with the proposition which could involve U.S. men in a new foreign commitment.

ARMCO EARNINGC UP

MIDDLETOWN, Ohio (AP)—Both sales and earnings of Armco Steel Corp. were up last year over the 1962 figures, and President Logan T. Johnston says he expects the company will do even better this year.

Armco's preliminary report said sales last year were \$933,430,393, bringing net earnings of \$65,863,558, or \$4.45 a share. The 1962 earnings were \$45,892,785, or \$3.10 a share, on sales of \$918,561,213.

Berlin-Ellsworth Rurians Enjoy Talk By Doctor

"New Drugs" was the topic selected by Dr. C. H. Weidenmier of Berlin Center who was guest speaker when the Berlin-Ellsworth Rurians Club met Monday night at the Methodist Church in Berlin Center.

He told of the use of Nikoban for the cure of the habit of smoking. Fluoride to assist in the control of early tooth decay, and the value of preventative medicine. Dr. Weidenmier has been a practicing physician in Berlin Center for 36 years.

It was announced that perfect attendance pins have been earned by 19 members: Five years—Hugh Bowman, Earl Bedell, J. S. Harrington, Maurice Jones and Richard Klyne; 3 years—Harold Brown, Arthur Royer, Frank Spellman, Leonard Mace and Eugene Oesch; two years—James Craig, Ira Keslar and Fred Moracco; one year—Kenneth Bennett, Rev. Fred Cochran, David Myers, Richard Noble, Mike Owen and Gene Paulo.

Wilbur Noble was welcomed as a new member.

Eugene Oesch announced that a "white elephant" sale will be featured at the next meeting, Feb. 24, and a pancake supper will be sponsored by the club March 13 at the Ellsworth School.

Diplomacy

(Continued From Page One)

the world, diplomatically and economically. Why the American attitude?

Several reasons: Anger over Red China's part in the Korean war; hostility of Red China to this country, particularly because of American support and defense of Chiang; the fear that the more influential and respectable Red China becomes, the more Southeast Asian countries will lose their will to resist communism.

The Red Chinese have said they want no dealings with this country until it abandons Chiang. Thus the two countries, the United States and Red China, are in one of the worst dilemmas of modern times.

This isn't all. Now the Red Chinese can be expected to push for admittance to the United Nations, over American opposition, where Chiang's government has one of the five permanent seats on the Security Council.

The main purpose of the Red Chinese at the moment would seem to be to use some device to weaken American prestige and influence and, in short, change the course of events.

Besides, after their split with the Soviet Union, the Red Chinese need to look elsewhere for help in supplies and trade, if not in arms.

Golf Club Names Lowry President

Ray Lowry, head of the Lowry Supply Co., has been elected president of the Salem Golf Club for 1964 by the board of directors.

Also serving this year are Pete Johnson, vice president; Ray Reasbeck, who was re-elected secretary, and Harold Musser, who was re-elected treasurer.

New directors selected at a recent membership meeting are George Perrault, Tim Hoopes and Harold Musser. Bob McCulloch Jr. and Donald Loch of Lisbon were re-elected. Directors serve five-year terms.

Other directors include Kenneth Finkerton, Russ Riley, Earl Miller, Reasbeck, Troy Cope, George Baillie Jr., Johnson, Lowry, Dr. R. T. Holzbach and Dr. James Morehead of Columbiana.

LABOR DISPUTE SETTLED

LEBANON, Ohio (AP) The long and often bitter labor dispute at Production Plating Works appears ended with an agreement between the company and the United Steelworkers Union.

The agreement, announced Monday, provides for the rehiring of 40 strikers, payment of \$50,000 in back wages, pay raises and the extension of the Steelworkers' contract to Aug. 1, 1966. The dispute began in late 1962.

FIRE DESTROYS PLANT

CANTON, Ohio (AP)—Thirty-eight employees have been left jobless by a fire that destroyed the C & K Plastics plant at Middlebranch, seven miles north of Canton. No one was injured.

The damage in Monday's blaze was estimated at \$100,000 by Thomas Coomes, owner of the plant built 18 months ago. He said he planned to rebuild.

When the next paddy wagon pulled up, demonstrators went limp. Hoisted bodily into the vehicle by white and Negro policemen, the demonstrators kicked, screamed and struggled wildly.

They pounded and kicked inside the paddy wagon.

Policemen were hard pressed to keep their balance as the mass surged and milled about them with yells and chants.

Hundreds of white spectators milled about the sidewalks. Policemen kept them moving.

Demonstrators staged protests later at the jail and some were arrested. Police threw a cordon around entrances to jail property.

Red China

(Continued From Page One)

whatever in relations with the United States," Rusk said. "We are loyal to our commitments to the government of the Republic of China."

In a detailed indictment of the Communist regime, President Johnson's No. 1 Cabinet official declared:

"Peking has violated the Geneva agreements of 1954 on Indochina and the Geneva agreements of 1962 on Laos. It incites and actively supports aggression on Southeast Asia.

"Peking attacked India and occupies a position from which it continues to threaten the subcontinent of South Asia.

"Peking is attempting to extend its tactics of terror and subversion into Latin America and Africa.

"In other words, Peking is demonstrating every day that it has nothing but contempt for the most elementary condition of peace: namely, leave your neighbors alone.

"Free nations must not reward the militancy of Peking or give Communists anywhere any ground for hope of profit from the use or threat of force."

Rusk said the American people have deep sympathy for the plight of the people on the Chinese mainland "look forward to the time when it will be possible to resume our historic ties of friendship with them."

"When mainland China has a government which is prepared to renounce force, to make peace and to honor international responsibilities, it will find us responsive," he said.

Rusk met with Japanese Prime Minister Hayato Ikeda earlier today but there were conflicting reports over how deeply they went into the Red China issue.

A U.S. spokesman said Rusk and Ikeda agreed to state publicly that they discussed "the French recognition of Communist China." Yasumi Kurogane, secretary of the Japanese Cabinet, told newsmen the recognition question was not raised since it had been examined by Rusk and Foreign Minister Masayoshi Ohira.

The conflicting reports supported belief that the United States and Japan do not agree on what to do about French recognition. Rusk has made two unsuccessful attempts to convince Ohira of the desirability of working together to prevent the spread of the recognition move.

The Japanese government has expressed hope that French recognition will not upset the unity of the anti-Communist world. It indicated it has no intention of breaking relations with Nationalist China but said it will pursue an independent policy toward Red China.

Prestige At Stake As Quakers Entertain Potters

Visitors Rated As Favorites

Potters Have More Size Than Quakers

Prestige will be at stake when Salem entertains a revival East Liverpool in an Ohio Big 8 Conference clash at Senior High School Friday night.

This season the Potters rate as slight favorites if for no other reason than a height factor.

Last year a heavily favored Quakers' aggregation fell 58-53 at East Liverpool.

Coach Jim Harris has been working with four starters back from that unit. His starting lineup lists four seniors and a junior.

AT THE GUARD positions will be Bob Forzano 6 - 0, and Frank McComas, 6-0. Randy Stover, who is capable of hitting in double figures, gets the nod at center. He is a 6-4 athlete.

Flanking the tall pivot - man are Bob Maltarich, 6-1 junior and Bill Hall, 6-0.

Forzano is the Potters' leading scorer with 153 points this season. McComas has chalked up 140 markers.

Frank Taylor, a 6-1 junior, should see considerable action. He is tough on the boards.

East Liverpool has beaten Alliance, 73-38; Linsley, 69 - 48; Oak Glen, 66-46; and Steubenville Central Catholic, 50-45.

The Potters have lost to Midland, Warren, 67-62; Wellsville, 56-52; Massillon 70-58; Youngstown South, 61-51; Steubenville, 77-64; New Philadelphia, 68-51; and Canton McKinley, 77-46.

Wayne Washington, 5 - 10; George Begalla, 5-10; Dean Keller, 5-10; Jim Lantz, 5-10; and Rick Gregg, 5-9; will probably start for the Quakers.

Washington has tallied 183 points this campaign. He is followed by Begalla, 173, and Gregg, 160. Lantz, slowed up the past few games by a back injury is next, with 108 markers.

Loyola Whips Dayton Flyers; DePaul Rolls

By BOB GREEN

Associated Press Sports Writer Most of the nation's college basketball teams would be delighted with a ranking as 10th best in the country. The Ramblers of Chicago Loyola, however, took it as something of an affront.

The Ramblers, who tumbled from third to 10th in the latest national rankings, started on the road back Monday with a 70-56 conquest of Dayton's Flyers.

Coach George Ireland's defending national champions lost two straight, which cost them dearly in the national poll, before the rebound against Dayton for their 12th victory in 15 starts.

And it wasn't easy. Dayton had closed to within one point, 57-56, when the Flyers' 6-foot-11 Hank Finkel fouled out. The Ramblers took advantage of his absence to run off 13 straight points for the final margin.

DePaul, No. 9, was the only other ranked team in action and got by Indiana 85-78.

In other major games, Michigan State rallied for a 102-99 triumph over Ohio State and Tennessee took the lead in the Southeastern Conference by beating Georgia Tech 83-63.

DePaul's triumph was its 13th without loss this season. Key figures were 6-10 sophomore Dave Mills and Jim Murphy. Mills scored 25 points and Murphy broke a 60-60 tie and sent DePaul ahead to stay with two key free throws and a field goal. He finished with 23 points.

Wichita Moves Up To 7th In AP Poll; UCLA Is 1st

By DICK COUCH

Associated Press Sports Writer Wichita, a frontier boom-town when gunslingers roamed its streets, is prancing again, thanks to a band of tall sharpshooters in sneakers.

The University of Wichita Wheatshockers are the new cut-ups and their game is high-calibre basketball.

Last week the Shockers bolted into the 1964 college championship picture with an 80-76 victory over Chicago Loyola, last year's titlist. The victory, Wichita's 14th in 17 games, lifted the

Kansans from 10th to seventh place in The Associated Press' major college cage poll and helped shuffle the Ramblers from third position to 10th.

If the Missouri Valley Conference leaders keep winning, Wichita could be the No. 1 spot on the basketball map in March when the NCAA Midwest Regional playoffs are contested there.

UCLA's unbeaten Bruins are still No. 1 in the AP poll of 40

writers and broadcasters. The Pacific Coast powerhouse, idle last week, received 22 first-place votes and 392 points. UCLA has won 15 straight games.

Michigan's Big Ten front-runners, 14-1 on the season, remained in the No. 2 slot after posting conference victories over Michigan State and Minnesota. The Wolverines collected five first-place votes and 345 points.

The Top Ten, with first place votes in parentheses, season records through Saturday, Jan. 25 and points on a 10-9-8-7-6-5-4-3-2-1 basis:

Won	Lost	Pts.
1. UCLA 33	15	0 392
2. Michigan 5	14	1 345
3. Davidson 2	15	0 268
4. Kentucky	14	2 261
5. Vanderbilt	13	1 192
6. Villanova	14	1 169

OSU Loses, Bradds Gets 48 Markers

By THE ASSOCIATED PRESS

Ohio State's 102-99 loss at Michigan State Monday night dimmed the Buckeyes' slim hopes for a fifth straight Big Ten championship or co-title, but boosted the likelihood that the Bucks will boast an All-America center a fifth straight year.

Gary Bradds, out for repeat Dream Team laurels, equaled the Ohio State single game scoring record of his three-time All-America predecessor, Jerry Lucas. Bradds scored 48 points in the same Jennison Fieldhouse at East Lansing where Lucas had canned 48 two years ago.

The 15-goal, 18-free throw performance by the gangling, 6-foot-8 Greene Countian followed by two nights his St. John Arena record of 47 points against Purdue.

That's 95 points in two games! Unfortunately for Ohio State, Bradds' supporting cast doesn't compare with the help he and Lucas have gotten in recent years.

And the Buck cause suffered further when the standout of this year's supporting cast, Dick Ricketts, was ejected early in the game Monday night. Ricketts and the Spartans' Stan Washington were sent packing after a fist - swinging rebound scrap.

Ohio State is now 3-2 in the Big Ten and 8-7 over-all.

Four other games involving Ohio collegiate teams Monday night found Dayton dropping a 70-56 decision to 10th - ranked Loyola of Chicago, Kent State nipping Akron 52-51, unbeaten Youngstown winning its 15th with a 93-53 rout of Aldersop-Broadus (W.Va.), and Ashland rallying to overcome Malone 76-69.

Canton McKinley Still Leads AA Division

Akron North Climbs From 5th To 3rd In AP Survey; Lisbon Tied For 27th

By FRITZ HOWELL

Associated Press Sports Writer COLUMBUS, Ohio (AP)—Akron North and Zanesville Rosecrans made a big run at the leaders—Canton McKinley and Celina Immaculate Conception—today in the Ohio high school basketball race.

The Rubber City Vikings, 1935 and 1939 Class AA state champs, zoomed to a 13-0 record and third place in the Associated Press poll as they handed eighth-ranked Canton Lincoln its second loss in 14 starts, 54-43.

And Rosecrans made even a bigger bid as it swamped Dresden Jefferson, 1963 state Class A king, 48-31 to move from fifth to second in the smaller school ratings. The Zanesville team has a 14-0 record, and Dresden's loss was its first in 14 games.

Columbus East Loses 2nd Akron North, in vaulting from fifth to third, went around Cleveland East and the defending Class AA state champs from Columbus East. The latter suffered its second loss in 11 games, 83-65 at the hands of a potent Portsmouth Trojan team.

Only two changes appeared in the Top Ten. Hamilton Garfield was beaten for the third time, 71-64 by Cincinnati Colerain, and fell from the big school list. Newark's Wildcats made their first appearance by taking eighth.

McDonald was victimized 71-62 by Youngstown North and skidded from the Class A ratings, with Fort Frye's 15-game winners taking ninth to fill the vacancy.

Canton McKinley's unbeaten Bulldogs clung to a long lead in the Class AA list, with Dayton Belmont's once-beaten Bigsons 124 poll points behind on the 10-9-8-etc. Voting basis by the 44 participating sports editors.

Celina Way Ahead of Others And Celina Immaculate Conception continued to run away with the Class A laurels, 102 points ahead of resurgent Rosecrans.

From here and there: Celina ICHS hung on to the top spot despite being idle. The tile floor on the school gymnasium was wet and slippery, so the game with Marion Local was postponed until tonight and moved to the Celina fieldhouse.

Larry Ullery of Trotwood Madison sank 28 of 32 free throws and 10 fielders for 48 in the Northwest Conference

points in the 91-61 nod over West Milton. That's more than both teams scored as Sidney's Yellow Jackets upset Lima Shawnee 22-20.

Akron North faces 10-1 Akron East Friday night. One of the big ones in Class A sends Zanesville Rosecrans against Newark Catholic—the latter's 12 - game record marred only by a pair of losses to Class AA teams.

Walt Reid, the Newark Catholic coach, won his 150th game at the school last week.

Portsmouth's Albert Oliver scored 29 and Larry Hise 27 of 56 of the Trojans' points in the 83-65 victory over champion Columbus East. The Trojans have lost only to second-ranked Dayton Belmont and fifth-ranked Ashland of Kentucky.

Strasbaugh Scores 52 Points Teays Valley, in only its second year, has a 12-0 record under Coach Russ Gregg. Four of the starters are juniors. Elwood Strasbaugh of Southeastern (13-0) set a Ross County record when he scored 52 points against Clarksburg Friday. And Bill Heid, Dover St. Joseph's 6-foot-5 senior, set a school record of 41 against winless Malvern St. Edward. Heid has 341 for 12 games, an average of 28.4 but the Ramblers have dropped six tilts.

Hamden is averaging 83.5, of which Wayne Young is contributing 30.6 per game.

The races are tight. In the Buckeye Conference, Mansfield and Elyria lead with 7-3, with Marion Harding, Lorain Admiral King and Fremont Ross a game back at 6-4. Sandusky, after a poor start, has won four in a row in the loop and is 5-5.

And in the Greater Ohio, a single game separates the top four with Lima and Middletown at 5-2, Hamilton Garfield 4-2 and Hamilton Taft 4-3.

Bennett Fouls Out Early Lester Bennett, 5-10 Wellsville senior, fouled out of the game with Salem with 1:37 still to play in the first quarter—and the Salems won their second in 11 starts, 81-3.

Dave Penn of Scioto Northwest scored 40 and 32 in two starts last week, boosting the 6-5 senior's 13-game average to 23.6. Paul Sudlow, 6-0 guard for McComb, has scored at least 30 in the last five games and is averaging 25 for the campaign.

Lima Perry hasn't lost a game in the Northwest Conference

Pirates' Relief Ace Face Signs, Takes Cut In Pay

By BOB GREEN

PITTSBURGH (AP)—After 10 years as one of baseball's finest relief pitchers, Elroy Face figures he's lost a little off his fast ball.

He's also lost a little off his salary.

The diminutive Pittsburgh Pirate star signed his 1964 contract Monday and admitted his poor performance last season cost him money.

"But I'm satisfied," he said. "I think everyone gets a cut this year after the season our team had last year."

No salary terms were disclosed although reliable sources said the 5-foot-8, 155-pound right-hander earned about \$40,000 in 1963.

"Let's just say that he got what he deserved," cracked Pirate General Manager Joe L. Brown. "In fact, everyone who has signed has got what they deserve."

That, my friends, is Brown's way of expressing his displeasure after Pittsburgh's plunge from a fourth place finish in 1962 to a distant eighth last year.

Face was just one of many disappointments last year. Ap-

pearing in 56 games, he posted a 3-9 record — his worst in 15 years of organized baseball — and had a 3.21 earned run average.

But statistics don't tell the complete story. The 35-year-old Face, who owns most of the career records for a relief pitcher, was often ineffective last year.

Young Quakers Travel To Poland Today

Salem 8th Graders Rip Clippers 42-31

In a makeup contest, Salem's 8th grade basketball team whipped Columbiana 42-31 at Junior High School gym Monday.

Today, the unbeaten 7th graders (7-0) and the 8th grade unit travel to Poland.

Salem's aggregation, under the direction of Coach Merlin Davidson, rolled to its sixth straight and 8th in 10 starts again—the Clippers yesterday.

The Red and Black took a 12-4 lead in the initial period, held a 21-15 margin at intermission and increased its lead to 37-22 by the end of the third stanza.

Greg Pash paced the Quakers with 13 points. Parke Votaw chipped in with nine. Gustafson chalked up 10 markers to spark the Clippers.

The contest, previously scheduled for Jan. 14, had been postponed because of inclement weather.

In earlier clashes this season, the Quakers' Junior High teams both recorded victories over the Bulldogs. The 8th graders triumphed 54-45, and the 7th graders romped 38-7.

Salem (8th grade) D. Hamilton 2-3-7, Sweetie 0-0-0, Yingling 0-0-0, Pash 4-5-13, Culler 1-2-4.

With Flameless Electric Heat "We have no drafts and the heat is so steady and even you forget you have a heating system at all."

...says Mrs. John Shroats, R.D. No. 1, Owens Road, Prospect, Ohio

"Like all women," Mrs. Shroats adds, "I like to rearrange my furniture from time to time, and with electric heat in the ceiling this is easy. I'm especially grateful for electric heat because it is so clean ... and it is such a healthful heat."

Because electric heat is flameless and clean as electric light, drapes, walls, and furnishings stay cleaner far longer ... you save on cleaning and redecorating work and expense.

There are no cold spots, hot blasts, or cold drafts with flameless electric home heating ... just even, gentle warmth from corner to corner and ceiling to floor. And with a thermostat in every room, you dial any degree of temperature you want anywhere.

The Shroats' home has 6 rooms with 1280 square feet of living area. It's heated with ceiling cable, plus two ceiling heaters in the basement.

The electric way is the only new way to heat your home since time began, because it's flameless.

Before you build, buy or remodel, investigate the extra advantages of flameless electric home heating. For complete information, call your nearby Ohio Edison office.

Ex-Eagles' Coach Signed By Browns

MIAMI BEACH, Fla. (AP)—Nick Skorich, who started a football career in Ohio that led him all the way to head coach of the Philadelphia Eagles of the National Football League, has been added to the Cleveland Browns' coaching staff.

Art Modell, president of the Browns, announced Skorich's appointment here Monday night. Skorich was fired as head coach of the Eagles when Jerry Wolman, the new owner, took over last week.

A native of Bellaire, Ohio, Skorich played football at the University of Cincinnati.

Specific duties with the Browns for the 42-year-old coach were not outlined.

The Doctor Says

By Dr. WAYNE G. BRANDSTADT
Cough Is Caution Signal

Man has been defined as a member of the ape family with a cough. The definition is never more vivid than it is in the winter months. If you have a cough that hangs on for more than three weeks it should be regarded as chronic and you should have your doctor find out why it has persisted.

If your cough is associated with shortness of breath blood in the sputum, or pain in the chest, it is doubly important to have a checkup.

The more serious causes of a chronic cough are tuberculosis,

lung cancer, chronic bronchitis, and valvular heart disease with beginning decompensation. Other common causes include heavy smoking (more than a pack a day) and daily exposure to smog.

IF HEAVY SMOKING is the cause, don't laugh it off as just a cigarette cough. It is an indication that smoking has damaged your respiratory mucous membranes. Furthermore, if you have had the cough for a long time it may reduce your awareness of a cause that may be reinforcing your cough.

I am sometimes asked why night air aggravates a cough. The night air does not aggravate it but the change in posture from standing or sitting to lying down may do so.

Your cough is a symptom ra-

Common Pleas Court

New Entries

Barbara A. Dickey vs Earl T. Dickey; divorce granted to plaintiff, extreme cruelty; custody of minor children awarded to plaintiff; defendant ordered to pay \$40 a week toward support; property settlement made.

George W. H. Russell vs DeLores Russell; temporary custody of minor child awarded to defendant; plaintiff ordered to pay \$30 a week for support pending final disposition.

Edward Keener vs Basil Mangano, plaintiff ordered to appear before Judge Joel H. Sharp Friday at 1 p.m. and produce specified books and papers for defendant's inspection.

J. S. Gleason Jr., administrator of veterans affairs, vs Audrey Lugano, et al; court finds defendant Audrey Lugano and defendants William W. and Betty Lou Stark are in default on note in the amount of \$8,546.99; decree of foreclosure, order of sale.

New Cases

Montgomery Ward, a corporation, vs Jack aka John E. Fulmer, East Liverpool; action for \$345.04 claimed due on account.

State of Arkansas, ex rel Maira Peterson, Fort Smith, Ark., vs Ronald Peterson, 224 S. Beaver St., Lisbon; action for support of child under Reciprocal Support Act.

ONE OF THE most valuable recent contributions to the treatment of coughs due to emphysema, pneumonia, tuberculosis, and chronic bronchitis is acetylcysteine (Mucomyst). Given by inhalation as an aerosol, it liquefies thick mucous secretions otherwise hard to raise, which by their very presence in the lungs cause coughing. Once liquefied, they can be coughed up and expectorated. The action of this drug is prompt and effective.
